

Hi there!

Thank you very much for your interest in our high quality, compliant QCTO training materials! Here at Thrive we're determined to ensure that you not only get through your QCTO site visit successfully, but that you are completely and competently prepared to roll out your QCTO programmes beyond achieving accreditation. And we understand that your training materials are a key component of that.

We also understand that our materials come at a premium. This is because they are written and designed by subject matter experts who work hand in hand with QCTO materials compliance experts. Practicals are not simply copied and pasted from the curriculum document, they are integrated and designed by actual humans to ensure complete and efficient assessment. Materials are guaranteed - any issues picked up by the QCTO evaluator will be remedied within the specified timeframes.

The materials are created in learning material sets, based on the QCTO requirements found in the:

- QCTO Qualification Document
- QCTO Curriculum Document
- QCTO Assessment Specifications Document

Each learning material set for a QCTO qualification consists of the following:

- Workplace Mentor Guide
- Learner Orientation Guide
- Alignment document
- Statement of Results
- Record of Assessment Results
- Knowledge Module consisting of:
 - Learner Guide
 - Facilitator Memo for Learner Formative Assessment
 - Learner Formative Assessment Workbook
- Practical Module
- Practical Skills Guide with activities
- WE Module/ Supervised Assessment
- Learner Work Experience Portfolio/FISA
- Optional extra: PowerPoint slides can be created at an additional cost (quoted per qualification)

Please reach out to us to discuss an online demo, along with pricing and a package that suits your budget
